Stock Exchanges  
Initiative*

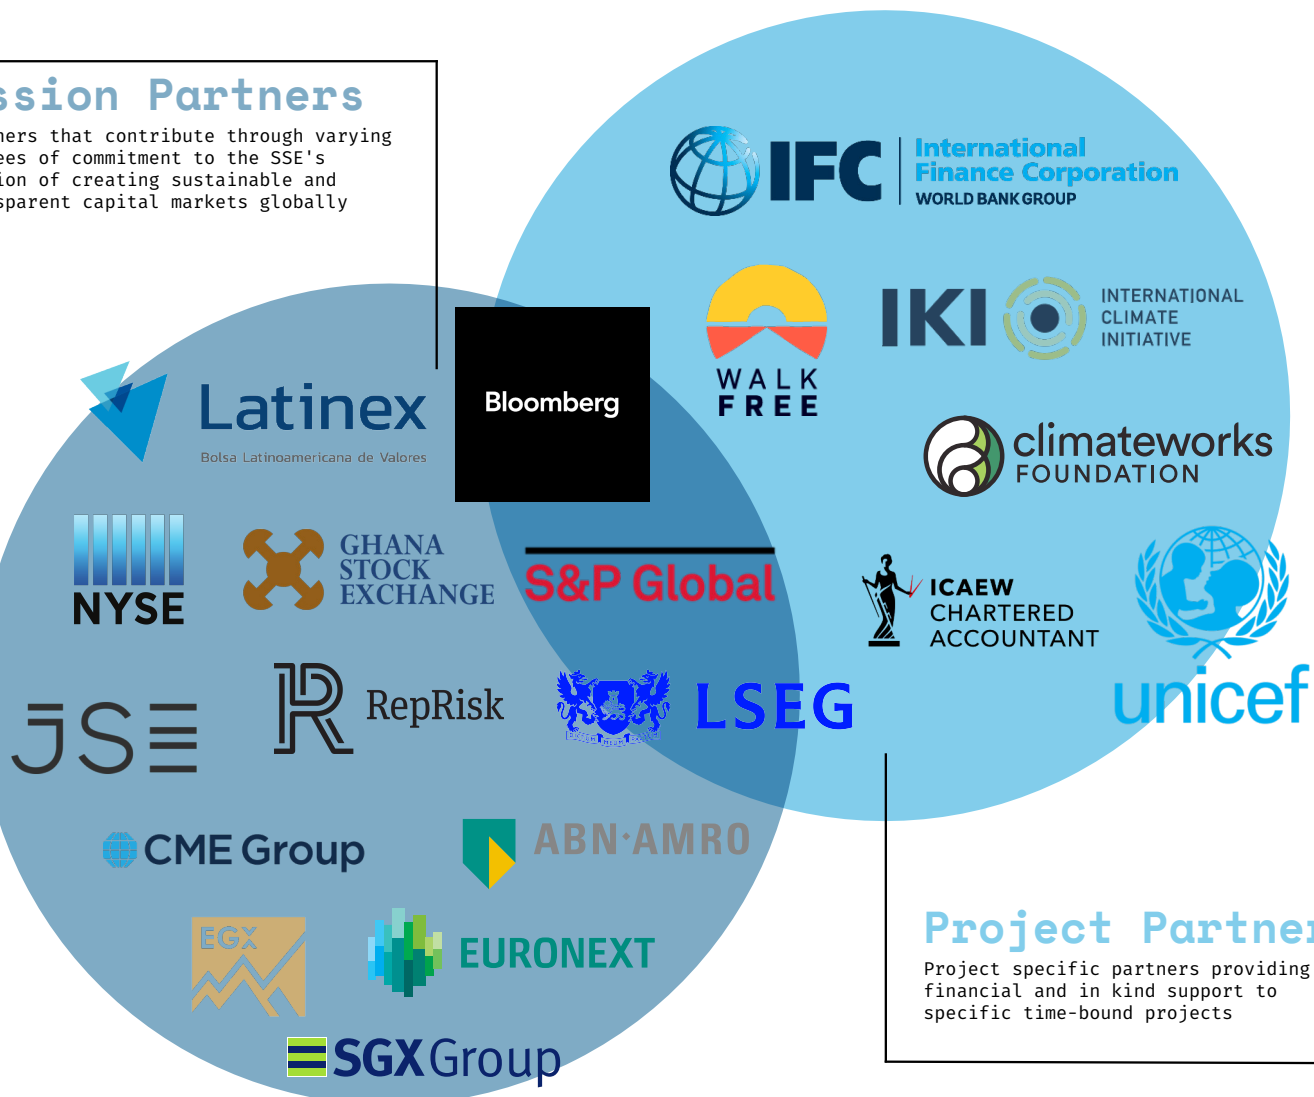

# SUPPORTER PROGRAMME

## Advancing Sustainable Capital Markets Together

The UN Sustainable Stock Exchanges (SSE) Initiative brings together stock exchanges, regulators, investors and policymakers to advance more transparent, resilient and sustainable capital markets worldwide. By becoming an SSE Supporter, your exchange joins a global leadership community committed to accelerating sustainable finance while benefiting from enhanced visibility, knowledge sharing, and strategic engagement across the global SSE network.

### Mission Partners

Partners that contribute through varying degrees of commitment to the SSE's Mission of creating sustainable and transparent capital markets globally

### Project Partners

Project specific partners providing financial and in kind support to specific time-bound projects

# SUPPORTER PROGRAMME

# SUPPORTER PROGRAMME

## JOIN THE NETWORK

The transition to sustainable capital markets requires collaboration across exchanges, regulators, investors, companies, philanthropy, research institutions, and international organizations.

As an SSE Supporter, your organization will help shape this transition while gaining access to a unique platform for global engagement, thought leadership, and international visibility. Together, we can strengthen capital markets that support sustainable economic growth and long-term value creation.

“  
The Sustainable Stock Exchanges initiative has played a key role in bringing exchanges together and emphasizing their special responsibilities towards the environment and society.  
”

**LSEG**

“  
The SSE has played an important and much needed role in spreading globally the message about ESG transparency, accelerating the convergence of international capital markets towards higher standards.  
”
